Data Files

Data files recently released by the Census Bureau are listed below. They are sold by

Customer Services (301-457-4100; TDD 301-457-4611) unless otherwise noted. Use form 2.

The cost of new files on computer tape generally is based on the file size, with the file size, with the minimum charge being \$175. The files are offered on tape reels or tape cartridges.

Data files also are offered on CD-ROM. The price for a mass-produced CD-ROM, prepared for popular files, generally is \$150.

The CD files are ASCII copies in the same format as on tape, and they are not accompanied by software. Since the discs are specially prepared in response to customers' requests, orders take about 2 weeks. For further information about this service, contact Customer Services.

How to Order

Publications

Most Census Bureau publications are available through one of three offices: the Census Bureau's Data Preparation Division (see order form 1), the Census Bureau's Customer Services (see form 2), or the Government Printing Office (see form 3). The new publication entries in this *Monthly Product Announcement* direct

you to the right source by specifying the form to use or specifying another office as the source.

As the forms indicate, both Customer Services and the Government Printing Office (GPO) accept phone or fax orders when you charge to VISA, MasterCard, or a deposit account. GPO also accepts the Discover card. Both offer express service for off-the-shelf products for an extra charge when you order by phone.

Generally, if you order 100 copies or more of a publication sent to one address, you may take a 25-percent discount.

Computer Files

To order data files, use order form 2 or order by phone or fax, unless the entry gives other instructions.

Technical documentation accompanies each file, or it often may be ordered separately, using form 2.

Files on computer tape are offered on tape reels or tape cartridges. The tape cartridges are IBM 3480 compatible (operable with StorageTek 4780 tape subsystem and Digital Equipment Corporation VAX TA90 subsystems).

When mass-produced, files on CD-ROM also are listed in the "Data Files" section earlier in this publication. Customer Services offers priority service for off-the-shelf products for an extra \$25 fee when you order by phone or fax.

Other tape files can be produced on CD-ROM by special order for the price of the tape. See the discussion under "Data Files."

Some data files are available on diskettes for IBM and compatible microcomputers.
